

## Determination of the controller card type using the AMKmotion part number

Arrangement of the 4 controller cards

Each controller card has a type plate on which a unique AMKmotion part number and individual production data are given.

AMK part number	Type
47982 (date – serial number and rev. version)	Controller card <b>R25</b>
47290 (date – serial number and rev. version)	Controller card <b>R06</b>
